and later affirmed that she did not intend to extend her holdings in the Pacific. The first general operation undertaken by the Japanese was the seizure of the island of Kiao-Chow for German mines. In this connection a hundred Japanese women and children were taken to the island, thinking that they, unseen by the enemy, could dig and plant the mines. But the offer was declined, and the Japanese proceeded to the employment of women in warlike operations. During the mine-sweeping campaign at least one Japanese mine-dragging boat was blown up.

LESSONS FOR U. S. FROM WAR ABROAD

**Garrison and Daniels Plan-
ning to Make Army and
Navy More Powerful and
Efficient.**

Washington, November 6.—Senators Garrison and Daniels in their forthcoming annual reports will lay before congress the reasons they believe the American army and navy should draw from the war in Europe, but methods of obtaining a mobile and adequate army and a powerful and efficient fleet will be discussed in great detail.

Secretary Garrison will emphasize the necessity for a definite permanent military policy. Secretary Daniels will recommend a reshaping, but probably will ask for authority to create a lump sum of \$100,000,000. The work of submarines in the European war has resulted in the last one should be securing submarine ordnance to naval officers, will be the most powerful.

More Submarine Wanted.
There is every likelihood that Secretary Daniels will ask for a second submarine of the same type as the one which was lost in the Baltic. The submarine number seven or eight—lost in the Baltic—was a very good one. The submarine number seven or eight—lost in the Baltic—was a very good one.

THESE MEN ARE TRAINING FAST LOT OF FOOTBALL PLAYERS IN PREP LEAGUE

Under the leadership of these coaches, the Atlanta Prep league is giving the public the best athletic entertainment in the history of the schools. The high schools of the city have always had good material for athletic teams, but only recently have the boys been put under the care of competent coaches. It would be hard to find a better lot of prep coaches than those engaged by the Atlanta schools, and their work is sure to tell in future athletics. Those in the picture are Coaches Wood of Boys' H; Bean of Martin; McClary of Tech H; Moore of Boys' H; Martin of Tech H; Nicholson of Peacock; Sheffer of G. M. A.

LOCUST GROVE INSTITUTE DEFEAT DONALD FRASER

Decatur Boys Claim They Got a Poor Deal From the Locust Grove Referee

BY JOHN H. EDMIST.

Donald Fraser was defeated by Locust Grove Monday in one of the roughest games of football the D. P. S. boys have ever played.

Locust Grove was to furnish the official for the game. When the time for the game arrived no one showed up but the L. G. I. coach. We do not debate that the L. G. I. representative was unimpeachable in his efforts but he was simply interested in his own team and could not see its faults. Every time the Gold and Black would rally and it seemed a touchdown was certain the L. G. I. referee began penning the D. P. S. line for such crimes as tackling a player or holding a player.

Again when Donald Fraser covered a pass when the D. P. S. boys were about to score, he found it necessary to return the ball to his own team.

TECH HI SWAMPS PEACOCK AT GRANT FIELD FRIDAY

Entire Tech Hi Team Stars Throughout Game-Special Mention for Bill Bedell

BY ED CENY.

On the very field where their older brothers will grapple with the sturdy Auburn machine this afternoon, the Purple and Gold eleven added another notch to their collection Friday, when they triumphed over the Peacock eleven in a clean-cut victory.

Peacock kicked off, and Tech Hi, being slow to react, their attack, the ball on down. After an exercise of punts, Harland tore off 15 yards around left end. The ball again went over, and Parks returned Peacock's punt 25 yards. Harland then circled right and for 30 yards he was downed. Harland immediately carried the ball around the opposite end, and the initial score. Parks missed goal.

Score: Tech High school, 6; Peacock, 0.

The election of officers for the year took place Sunday afternoon and the following candidates were chosen: Howard W. Miller, of Tampa, Fla., president; Edgar Smith, of Macon, Ga., vice president; James U. Jackson, of Augusta, Ga., treasurer. Under the auspices of the Y. M. C. A., Dr. Weatherford, the well known Y. M. C. A. director and student secretary, Riverside's association has been given a new impetus.

The game between Boys' H and Tech Hi promises to be the greatest "prep" game ever played in Atlanta, with the students and supporters on hand. The game will be played at the school and will be a very interesting game.

B. H. S. AND DONALD FRASER BATTLE WITHOUT A SCORE

Much Interest in Approaching Game Between Boys' H and Tech Hi

BY ERNEST ROGERS.

The game Friday afternoon was quite a surprise from a B. H. S. standpoint, and I know that Donald Fraser was equally surprised. The game ended with a score 0 to 0.

The feature of the game, from a Donald Fraser standpoint, was the heavy work of Van Valkenburg, the head line back. He succeeded in giving Donald Fraser five down two times with the ball in the shadow of the boys' H goal posts. He once went to Donald Fraser and played on several teams while in school, but he has rendered more valuable service to his school since he joined the B. H. S. team.

TECH HIGH WILL PLAY SAVANNAH HIGH SCHOOL

Atlanta People Urged to Come Out and Help Visitors Clear Expenses

BY C. G. LIVERY.

For several years it has been customary for the senior class of T. H. S. to meet the faculty in a few athletic diversities such as basketball and baseball, but to date these two teams have never met on the gridiron. Several members of the senior class have expressed a desire to face these bulky pedagogues in a game of football and it seems to have met with universal approval except with Prof. Culver, who only wants to play three-minute quarters.

The seniors want to play as clean and fair as possible in this proposed game. In order to secure this fairness, the students advanced the suggestion that Prof. Martin, a former all-southern end on the Vandy team, and assistant manager of the T. H. S. team, act as referee. While he would be a slight help in the faculty's line up, he could certainly enforce the rules of the game to perfection. In Alaska, where the amendment was passed by a large majority, it is reported they did not rally all themselves on Tuesday, North and South Dakota, Ohio and Missouri have now set aside proposed Constitutional amendments—the result in Nebraska is still in doubt—and the untiring suffragists must begin their fight anew in those States. One claimed the attention—and mostly the unfavorable attention—of the English press was due to the fact that long credits in vogue there. Several of our exporters have expressed a desire to know whether our branch banks when in operation in South America will add to the existing six or eight month credits. This has been indignantly answered by a New York bank official, the statement that these long credits have largely been an abuse fostered by English-German competition here. He explained that when the Germans entered the market they offered to sell goods on 60 days' credit, while the English merchants were selling upon sixty days' credit. The result was an incentive to win away England's trade, they offered 30 days' credit. The English met this challenge, and are now in turn raised by their German competitors, until

TEN FARMERS HELD IN ALLEGED PEONAGE CASE

Indictments Returned by Federal Grand Jury on Complaint of Negro

Ten farmers of Spalding and adjacent counties were brought to Atlanta Friday night and gave bond for their appearance on indictments charging peonage and conspiracy to commit peonage. The men were arrested Friday by Lee Whitley, deputy United States marshal, and brought to Atlanta in automobiles.

Franklin Huff, Floyd Moody and Harry Putnam were indicted on a charge of having forcibly arrested John Westmoreland, a negro, on August 30 and compelled him to work on the farm of Franklin Huff, in Spalding county, for a debt of \$5.

These men were indicted under section 268 of the penal code. Franklin Huff, Charles Alexander, Harry Putnam, W. H. Goodin, Floyd Moody, M. Putnam and Elijah Starr were indicted on a charge of conspiracy to arrest Westmoreland. They are held under sections 31 and 32 of the penal code.

According to Westmoreland's testimony, he had formerly worked for Franklin Huff, but left his service. He charged that the men under indictment searched for him and made it so hot for him that he couldn't stay at home. Finally, he said, they succeeded in capturing him, and he was given such a beating that he was incapacitated for work.

He exhibited scars to federal authorities in proof of beating which he said the farmers had given him.

He complained to the sheriff of Spalding county, and the sheriff, he said, lodged him in jail for protection and then communicated with the federal authorities in Atlanta.

Westmoreland and a host of negro witnesses appeared before the federal grand jury at its recent session, and the indictments followed. The indictment against Whitley went for the men on Friday.

SPEER WILL NOT TRY CASE AGAINST WATSON

Not Likely Case Will Be Called at November Term of Court

(Special Dispatch to The Journal.)

AUGUSTA, Ga., Nov. 7.—Prospects that Thomas E. Watson, editor, and one-time candidate of the Populist party for president, would be tried during the November term of the federal court here, on charges of sending objectionable matter through the mails, were dispelled today by an announcement from United States District Attorney J. M. Donahoe at Macon.

It was officially stated here today that the November term would open on the 14th with Judge Emory Speer presiding. District Attorney Donahoe, however, announced that Judge Speer had filed a certificate of disqualification in the Watson case and that it was probable the case would not be called at the coming term of court.

Mr. Watson was indicted three years ago by a federal grand jury and Judge Foster, sitting for Judge Speer, quashed the indictment on motion of Mr. Watson's counsel. The indictment was withdrawn at the last term of court and the grand jury voted a reindictment.

SOUTHERN PHYSICIANS INVITED TO ATLANTA

Dr. Edgar Paulin and Party Go to Richmond Convention to Capture 1915 Meet

Dr. James Edgar Paulin, with a party of other Atlanta physicians, leaves the city at noon Monday for the Southern Medical convention, now in session at Richmond, Va.

The Atlanta party will put in a strong bid to bring the convention here. They have invitations from the governor, the mayor, the convention bureau, and the Atlanta Hotel Men's association. They are also taking quantities of literature boasting Atlanta as a convention city.

The medical convention has not met here in fifty years. There is a possibility for the 1915 convention, Dallas, Birmingham and Asheville all bidding for it.

MISS BOOTH TO TELL WOMEN OF ATLANTA OF OLD LINEN CAMPAIGN

Many Employes Will Lose Jobs When Street Gangs Are Laid Off

MISS EVA BOOTH.

Salvation Army Is Sending Thousands of Bandages to War Zone—Speaks at Atlanta Theater Sunday

Miss Eva Booth, commander of the Salvation Army in the United States, is in Atlanta to deliver a lecture at the Atlanta Theater Sunday night on her father, the late General William Booth, of England, who founded the Salvation Army.

Miss Booth has recently started an "old linen" crusade to raise material for making bandages, pads, gauze, etc., for the wounded soldiers in the European war, and it is meeting with a wonderful response everywhere it is presented to the American people. Dismissing her campaign in her room at the Wincoff hotel Saturday morning, Miss Booth said:

"There is a terrible dearth of hospital requisites in the war zone. We read in the press dispatches of wounds being dressed and operations performed without ether, which causes frightful suffering. We read of soldiers tearing the lining out of their coats to dress the wounds of their fallen comrades. I felt impelled to do something to remedy the situation. The people of the old linen campaign occurred to me.

This campaign simply means that the people in America are asked to give the Salvation Army their old linen in the form of bandages and other materials for treating the wounds of the soldiers in the war.

"We have established in New York a headquarters where the old linen is received. Physicians and surgeons have volunteered their services to direct the making of the materials. Nurses have also volunteered. We have in use a huge sterilizing apparatus. In the headquarters we take the old linen, make it into bandages and other things, sterilize them, wrap them in neat packages, seal them, and ship them to the war zone. The steamship companies are hauling them free and the express companies of the United States are bringing the old linen to New York at a minimum rate—next to nothing. We have adopted the blue cross as the emblem of this Salvation Army contribution to the war sufferers. Each package we send is labeled with the blue cross, is addressed in the English, French and German languages, and the width and length of each bandage is printed on the wrapper.

Miss Booth said she received the reports from the front of the war, and a smaller cross on the left arm. She will present the details of the campaign in her lecture at the theater Sunday night. She is a prominent farmer of this county last year. It is charged that Rhodes was laid off from his job. The jury was out only twenty minutes. Defendants' mother fainting when court pronounced sentence.

CITY PRISONERS HAPPY OVER FORCED VACATION

There is joy among the prisoners of the city stockade and a corresponding gloom among the employes, drivers, guards, etc.

The cause of it all is the bright prospect for a vacation of a week or more so the prisoners will have nothing to do but sit around and wait for meal time, but the employes, except just enough guards to keep the prisoners from escaping from the barracks, will lose their jobs, temporarily.

Other words, the long threatened halt in the work of the stockade is about to begin, according to Mayor Woodward, who bitterly blames the aldermanic board.

At a meeting Friday a week ago of the street committee, Assistant Chief of Construction Nathan announced there was just enough money appropriated to keep the stockade gangs going for two weeks more.

The matter was taken up with Mayor Woodward, who expected to have all appropriations revoked and the finances of the city placed in a lump sum in the control of himself and the controller, and he said he would care for the stockade.

Thursday afternoon the aldermanic board tabled the council resolution to this effect, and the regular appointment sheet remains.

The mayor declared Saturday to a day of mourning for the men who are to be laid off, and the regular appointment sheet remains.

The aldermanic board and especially did the alderman Albert Thompson, who led the fight on the resolution on the ground that council should not surrender its prerogatives to the executive until absolutely necessary, and so give him the power to nullify the actions of a council. Councilman Thompson moved to table the resolution until the next regular meeting, two weeks hence.

If the board had simply refused to concur in the resolution, the matter would have been called a special session, but now, according to the law, the paper cannot be taken from the table until the specified time.

The mayor Saturday paid his respects to the aldermen, who are also members of the finance committee, which he respects to place the finances in his hands by the 15th of this month.

YOUNG BOY TELLS POLICE "MAN IS KILLING MAMA"

Woman Tells Officers Investigating Cousin of Dead Husband Beat Her

Screaming and shrieking that "a man is killing my mama," little Ernest Bowman, ten years old, ran headlong into the sergeant's office at police barracks Saturday morning at 7:30 o'clock.

The little fellow said he lived at 9-12 Piedmont avenue; his mother, he cried, was being killed by a big man. Call Officers Long and West out on their motorcycles at once, taking the boy with them.

Patrolmen Hudson, Gower, Thompson and Harper started up Decatur at double time on foot.

When the policemen reached 9-12 Piedmont avenue, they found Mrs. Rosa Bowman, the boy's mother, with her face bruised badly and with a bad gash across her nose. She said that John I. Garrett, a cousin of her dead husband, had called, in an intoxicated condition, one Saturday night, and had beaten her so badly that her little boy thought she was being killed and flew for police assistance. Garrett had gone from the house, but the police are searching for him.

SREAMS OF WOMAN STOPS COURT GRIND

Mother Becomes Hysterical When She Thinks Case Is Called

When the habeas corpus case of Mrs. Emma Martin against Julius Pope Martin was called in Judge Pennington's court room Saturday morning, screams and wild shrieks from a woman in the back of the room started court officials and spectators.

Deputy Sheriff DeKorvus rushed to the woman, who was clutching two children, a boy and a girl, screaming frantically. Court procedure was stopped for five minutes while the woman, Mrs. Emma E. Nash, was taken out by friends.

Mrs. Nash, against whom I. J. Nash, her husband, had brought a habeas corpus suit for the possession of their two children, was told to come to the superior court Saturday with the children, to have the case tried. Because Carl Guegan, attorney for the husband, was out of town, the case was postponed until Tuesday morning. Mrs. Nash, however, hearing the clerk read out the Martin habeas corpus case, thought her legal fight to keep her children had begun. The strain was too much, and the hysterical screams resulted. James L. Key, attorney, represents her.

A BAD CASE AND ITS RELIEF

Lady Tells Details of Ten Years of Suffering Which Now Lies Behind Her

Wallace, Va.—Mrs. Mary West, of this town, says: "About ten years ago I had very poor health, and for five years it steadily got worse. I could not stand on my feet. I got so I could only drag about in the room. Most of the time I was not able to do my work."

I had terrible bearing-down pains, my back ached all the time and was very weak. I could scarcely carry anything and suffered agony when I lifted anything. The muscles in my abdomen were so weak I could scarcely lift myself up at all. At times, I couldn't sit on the chair—would have to lie down. I was in such agony. I just sat around and cried.

At this time, about five years ago, I began to take Carui, at my mother's insistence. After two or three weeks I saw an improvement. The pains got less gradually until they disappeared. In two months I could walk without crutches and could do most of my work. For about three years my improvement was steady and continued until I had back my health and strength.

The cure has been permanent, for I have been in good health for the past year. I am now working and have taken Carui, which effected the cure.

All druggists sell Carui. Try it.
